CPSA Colored Pencil Society of America
District Chapter 108 Memphis TN

# Memphis CPSA Chapter 108 Presents

An Online Workshop via Zoom

AN ONLINE COLORED PENCIL WORKSHOP

# SWEET TEMPTATION

## WITH PACO MARTIN, CPSA

Two Days: SATURDAY & SUNDAY • JUNE 12 & 13 • 10AM - 12:30PM CST

## About the Artist

Paco has been passionate about colored pencils since he was a child. Initially self-taught, he found formal training through the lessons of Sarita Muñiz. Captivated in college by pastels and oil paints, Paco realized these mediums could also help him improve his colored pencil technique.

In the years since, Paco continued exploring materials, striving to perfect his technique, experimenting, trying out different brands of pencils and paper, facing bigger artistic challenges every time. Little by little, Paco realized that he could reach as much realism as he wanted using colored pencils.

CP became his language as an artist. His work became meticulous, even obsessive, carefully observing the world around. He experimented with shapes, volumes, textures, and composition, trying to recreate the harmonious beauty of small objects of everyday life, which are a form of art for Paco.

## WHAT TO EXPECT

Students will learn a variety of techniques such as drawing light, blending colors, drawing different textures, transparencies, and how to achieve a deep black background.

Cost: $50 DC108 members / $60 non-members
